

March 12, 2020

Dear PCBC Day School Families,

We thank you for your unwavering support and patience as we have been navigating these strange and uncertain times surrounding COVID-19. Thank you for keeping your sick children at home, for staying informed and communicating with us regarding illnesses and absences. We are forever grateful you have placed your trust in us to care and educate your children, and thankful for this loving and supportive community we call Park Cities Baptist Day School!

Out of an abundance of caution for the health and safety of the entire PCBC Day School community, the decision has been made to close since Park Cities Baptist Church and Highland Park ISD have closed, which are based on the recommendations from the CDC, local health authorities and the Texas Education Agency. **The closure is indefinite and effective beginning March 23, 2020, but on April 5th Park Cities Baptist Church will reassess when we might reopen.**

It is our hope that you can make safe and comfortable arrangements for your child and family. We apologize for any inconvenience this closure may cause your family.

Some of our staff have expressed interest in being available to babysit during this time. If you would like the list of staff that are interested in babysitting please let us know and we will email you the contact list.

We will be sending further updates and learning resources in the days to come, as we officially return from the spring break, but please do not hesitate to contact us if you have any questions or concerns in the meantime.

Stay well!

Nickie, Christi, Shanna and Team!
